

TOURS & VISITS

May through October

By appointment only!

Cherry and Marty provide guided tours and hands-on interaction with some of their animals for individuals and groups for an informational and educational purpose. They love sharing about the animals and their lives and how they came to live at the Sanctuary, and feel that the animals benefit most when people begin to understand what the mission of the Sanctuary is truly all about.

Newcomer Sweetie meets Piggy!

There is no admission charge, but it is hoped that you find the Black Sheep Sanctuary worthy of a donation or that you might even decide to sponsor an animal. All donations are totally tax deductible and 100% of your contribution goes directly to the care of the animals.

The Sanctuary operates on the animals' schedules, and their care and comfort depends on maintaining a daily routine. Obviously unannounced visits interfere with that routine so please arrange all visits and tours in advance by calling Cherry or Marty at 231-386-7234 before 7 pm.
